(E) Accompanying Documentation

(1) Authorized treating physicians sign (or countersign) and submit to the payer, with their initial and final visit billings, a completed “Physician’s Report of Workers’ Compensation Injury” (Form WC 164) specifying:

(a) The report type as “initial” when the injured worker has their initial visit with the authorized treating physician managing the total workers’ compensation claim of the patient. Generally, this will be the designated or selected authorized treating physician. When applicable, the emergency room or urgent care authorized treating physician for this workers’ compensation injury may also create a WC 164 initial report. Unless requested or prior authorized by the payer in a specific workers’ compensation claim, no other authorized physician should complete and bill for the initial WC 164 form. This form shall include completion of items 1-7 and 10. Note that certain information in item 2 (such as Insurer Claim #) may be omitted if not known by the provider.

(b) The report type as “closing” when the authorized treating physician (generally the designated or selected physician) managing the total workers’ compensation claim of the patient determines the injured worker has reached maximum medical improvement (MMI) for all injuries or diseases covered under this workers’ compensation claim, with or without a permanent impairment. The form requires the completion of items 1-5, 6.B, C, 7, 8 and 10. If the injured worker has sustained a permanent impairment, then item 9 must also be completed and the following additional information shall be attached to the bill at the time MMI is determined:

1) All necessary permanent impairment rating reports when the authorized treating physician (generally the designated or

selected physician) managing the total workers' compensation claim of the patient is Level II Accredited; or

- 2) Referral to a Level II Accredited physician requested to perform the permanent impairment rating when a rating is necessary and the authorized treating physician (generally the designated or selected physician) managing the total workers' compensation claim of the patient is not determining the permanent impairment rating.
 - (c) At no charge, the physician shall supply the injured worker with one legible copy of all completed "Physician's Report of Workers' Compensation Injury" (WC 164) forms at the time the form is completed.
 - (d) The provider shall submit to the payer the completed WC 164 form as specified in section 16-7(E), no later than 14 days from the date of service.
- (2) Providers, other than hospitals, shall provide the payer with all supporting documentation at the time of submission of the bill unless other agreements have been made between the payer and provider. This shall include copies of the examination, surgical, and/or treatment records.
- (3) Hospital documentation shall be available to the payer upon request. Payers shall specify what portion of a hospital record is being requested. (For example, only the emergency room (ER) chart notes, in-patient physician orders and chart notes, x-rays, pathology reports, etc.)
- (4) In accordance with section 16-11, the payer may contest payment for billed services until the provider completes and submits the relevant required accompanying documentation as specified by section 16-7(E).
- (F) Providers shall submit their bills for services rendered within 120 days of the date of service or the bill may be denied unless extenuating circumstances exist. Extenuating circumstances may include, but are not limited to, delays in compensability being decided or the provider has not been informed where to send the bill.

16-8 REQUIRED MEDICAL RECORD DOCUMENTATION

- (A) A treating provider shall maintain medical records for each injured worker when the provider intends to bill for the provided services.
- (B) All medical records shall contain legible documentation substantiating the services billed. The documentation shall itemize each contact with the injured worker and shall detail at least the following information per contact or, at a minimum for cases where contact occurs more than once a week, be summarized once per week:

 - (4) Assessment or diagnosis of current condition with appropriate objective findings;

- (5) Treatment status or patient's functional response to current treatment;
- (6) Treatment plan including specific therapy with time limits and measurable goals and detail of referrals;
- (7) Pain diagrams, where applicable;
- (8) If being completed by an authorized treating physician, all pertinent changes to work and/or activity restrictions which reflect lifting, standing, stooping, kneeling, hot or cold environment, repetitive motion or other appropriate physical considerations; and
- (9) All prior authorization(s) for payment received from the payer (i.e., who approved the prior authorization for payment, services authorized, dollar amount, length of time, etc.).

16-9 PRIOR AUTHORIZATION

- (A) Granting of prior authorization is a guarantee of payment when in accordance with Rule 18, RVP© and CPT© for those services/procedures requested by the provider per section 16-9 (F).
- (B) Prior authorization for payment shall be requested by the provider when:
 - (1) A prescribed service exceeds the recommended limitations set forth in the Medical Treatment Guidelines;
 - (2) The Medical Treatment Guidelines otherwise require prior authorization for that specific service;
 - (3) A prescribed service is identified within the Medical Fee Schedule as requiring prior authorization for payment; or
 - (4) A prescribed service is not identified in the Medical Fee Schedule as referenced in section 16-6(C).
- (C) Prior authorization for a prescribed service or procedure may be granted immediately and without medical review. However, the payer shall respond to all providers requesting prior authorization within seven (7) business days from receipt of the provider's completed request, as defined in section 16-9(F). The duty to respond to a provider's written request applies without regard for who transmitted the request.
- (D) The payer, upon receipt of the "Employer's First Report of Injury" or a "Worker's Claim for Compensation," shall give written notice to the injured worker stating that the requirements for obtaining prior authorization for payment are available from the payer.
- (E) The payer, unless they have previously notified said provider, shall give notice to the provider of these procedures for obtaining prior authorization for payment upon receipt of the initial bill from that provider.
- (F) To complete a prior authorization request, the provider shall concurrently explain the reasonableness and the medical necessity of the services requested, and shall provide relevant supporting medical documentation. Supporting medical documentation is defined as documents used in the provider's decision-making process to substantiate the need for the requested service or procedure.

- (1) When the indicators of the Medical Treatment Guidelines are met, no prior authorization is required. If the provider requests prior authorization for payment, the following documentation is recommended:
 - (a) An adequate definition or description of the nature, extent, and necessity for the procedure;
 - (b) Identification of the appropriate Medical Treatment Guideline application to the requested service;
 - (c) Medical Treatment Guideline indications have been met; and
 - (d) Final diagnosis.
 - (2) When the service/procedure does not fall within the Medical Treatment Guidelines and/or past treatment failed functional goals; or if the requested procedure is not identified in the Medical Fee Schedule or does not have an established value under the Medical Fee Schedule, such as any unlisted procedure/service with a BR value or an RNE value listed in the RVP®, authorization requests may be made using the “Authorized Treating Provider’s Request for Prior Authorization” (Form WC 188).
- (G) To contest a request for prior authorization, the payer is required to comply with the provisions outlined in section 16-10.
 - (H) The Division recommends payers confirm in writing, to providers and all parties, when a request for prior authorization is approved.
 - (I) If, after the service was provided, the payer agrees the service provided was reasonable and necessary, lack of prior authorization for payment does not warrant denial of payment. However, the provider is still required to provide, with the bill, the documentation required by section 16-9(F) for any unlisted valued service or procedure for payment.
 - (J) All medical records should be signed by the rendering provider. Electronic signatures are accepted.

16-10 CONTEST OF A REQUEST FOR PRIOR AUTHORIZATION

- (A) If the payer contests a request for prior authorization for non-medical reasons as defined under section 16-11(B)(1), the payer shall notify the provider and parties, in writing, of the basis for the contest within seven (7) business days from receipt of the provider’s completed request as defined in section 16-9(F). A certificate of mailing of the written contest must be sent to the provider and parties.

If an ATP requests prior authorization and indicates in writing, including their reasoning and relevant documentation, that they believe the requested treatment is related to the admitted workers’ compensation claim, the insurer cannot deny based solely on relatedness without a medical review as required by section 16-10(B).

- (B) If the payer is contesting a request for prior authorization for medical reasons, the payer shall, within seven (7) business days of the completed request:
 - (1) Have all the submitted documentation under section 16-9(F) reviewed by a physician or other health care professional, as defined in section 16-5(A)(1)(a),

who holds a license and is in the same or similar specialty as would typically manage the medical condition, procedures, or treatment under review; and

- (2) After reviewing all the submitted documentation, the reviewing provider may call the requesting provider to expedite communication and processing of prior authorization requests. However, the written contest or approval still needs to be completed within the specified seven (7) business days under section 16-10(B).
- (3) Furnish the provider and the parties with a written contest that sets forth the following information:
 - (a) An explanation of the specific medical reasons for the contest, including the name and professional credentials of the person performing the medical review and a copy of the medical reviewer's opinion;
 - (b) The specific cite from the Medical Treatment Guidelines exhibits to Rule 17, when applicable;
 - (c) Identification of the information deemed most likely to influence the reconsideration of the contest when applicable; and
 - (d) A certificate of mailing to the provider and parties.

(C) Prior Authorization Disputes

- (1) The requesting party or provider shall have seven (7) business days from the date of the certificate of mailing on the written contest to provide a written response to the payer, including a certificate of mailing. The response is not considered a "special report" when prepared by the provider of the requested service.
- (2) The payer shall have seven (7) business days from the date of the certificate of mailing of the response to issue a final decision, including a certificate of mailing to the provider and parties.
- (3) In the event of continued disagreement, the parties should follow dispute resolution and adjudication procedures available through the Division or Office of Administrative Courts.

(D) An urgent need for prior authorization of health care services, as recommended in writing by an authorized treating provider, shall be deemed good cause for an expedited hearing.

(E) Failure of the payer to timely comply in full with the requirements of section 16-10(A) or (B), shall be deemed authorization for payment of the requested treatment unless:

- (1) A hearing is requested within the time prescribed for responding as set forth in section 16-10(A) or (B); and
- (2) The requesting provider is notified that the request is being contested and the matter is going to hearing.

(F) Unreasonable delay or denial of prior authorization, as determined by the Director or an administrative law judge, may subject the payer to penalties under the Workers' Compensation Act.

16-11 PAYMENT OF MEDICAL BENEFITS

(A) Payer Requirements for Processing Medical Service Bills

- (1) For every medical service bill submitted by a provider, the payer shall reply with a written notice or explanation of benefits. In those instances where the payer reimburses the exact billed amount, identification of the patient's name, the payer, the paid bill, the amount paid and the dates of service are required. If any adjustments are made then the payer's written notice shall include:
 - (a) Name of the injured worker or patient;
 - (b) Specific identifying information coordinating the notice with any payment instrument associated with the bill;
 - (c) Date(s) of service(s), if date(s) was (were) submitted on the bill;
 - (d) Payer's claim number and/or Division's workers' compensation claim number, if one has been created;
 - (e) Reference to the bill and each item of the bill;
 - (f) Notice that the billing party may resubmit the bill or corrected bill within 60 days;
 - (g) For compensable services for a work-related injury or occupational disease the payer shall notify the billing provider that the injured worker shall not be balance-billed for services related to the work-related injury or occupational disease;
 - (h) Name of insurer with admitted, ordered or contested liability for the workers' compensation claim, when known;
 - (i) Name, address, e-mail (if any), phone number and fax of a person who has responsibility and authority to discuss and resolve disputes on the bill;
 - (j) Name and address of the employer, when known; and
 - (k) Name and address of the Third Party Administrator (TPA) and name and address of the bill reviewer if separate company when known; and
 - (l) If applicable, a statement that the payment is being held in abeyance because a relevant issue is being brought to hearing.
- (2) The payer shall send the billing party written notice that complies with sections 16-11(A)(1) and (B) or (C) if contesting payment for non-medical or medical reasons within 30 days of receipt of the bill. Any notice that fails to include the required information set forth in sections 16-11(A)(1) and (B) or (C) if contesting payment for non-medical or medical reasons is defective and does not satisfy the payer's 30-day notice requirements set forth in this section.
- (3) Unless the payer provides timely and proper reasons as set forth by the provisions outlined in sections 16-11(B) - (D), all bills submitted by a provider are

due and payable in accordance with the Medical Fee Schedule within 30 days after receipt of the bill by the payer.

- (4) If the payer discounts a bill and the provider requests clarification in writing, the payer shall furnish to the requester the specifics of the discount within 30 days including a copy of any contract relied on for the discount. If no response is forthcoming within 30 days, the payer must pay the maximum Medical Fee Schedule allowance or the billed charges, whichever is less.
- (5) Date of receipt of the bill may be established by the payer's date stamp or electronic acknowledgement date; otherwise, receipt is presumed to occur three (3) business days after the date the bill was mailed to the payer's correct address.
- (6) Unreasonable delay in processing payment or denial of payment of medical service bills, as determined by the Director or an administrative law judge, may subject the payer to penalties under the Workers' Compensation Act.
- (7) If the payer fails to make timely payment of uncontested billed services, the billing party may report the incident to the Division's Carrier Practices Unit who may use it during an audit.

(B) Process for Contesting Payment of Billed Services Based on Non-Medical Reasons

- (1) Non-medical reasons are administrative issues. Examples of non-medical reasons for contesting payment include the following: no claim has been filed with the payer; compensability has not been established; the billed services are not related to the admitted injury; the provider is not authorized to treat; the insurance coverage is at issue; typographic, gender or date errors are in the bill; failure to submit any medical documentation at all; unrecognized CPT® code.
- (2) If an ATP bills for medical services and indicates in writing, including their reasoning and relevant documentation that they believe the medical services are related to the admitted WC claim, the payer cannot deny based solely on relatedness without a medical review as required by section 16-11(C).
- (3) In all cases where a billed service is contested for non-medical reasons, the payer shall send the billing party written notice of the contest within 30 days of receipt of the bill. The written notice shall include all of the notice requirements set forth in section 16-11(A)(1) and shall also include:
 - (a) Date(s) of service(s) being contested, if date(s) was(were) submitted on the bill;
 - (b) If applicable, acknowledgement of specific uncontested and paid items submitted on the same bill as contested services;
 - (c) Reference to the bill and each item of the bill being contested; and
 - (d) Clear and persuasive reasons for contesting the payment of any item specific to that bill including the citing of appropriate statutes, rules and/or documents supporting the payer's reasons for contesting payment.

Any notice that fails to include the required information set forth in this section is defective. Such defective notice shall not satisfy the payer's 30 day notice requirement set forth in this section.

- (4) Prior to modifying a billed code, the payer must contact the billing provider and determine if the modified code is accurate.

The EOB shall include the name of the person at the provider's office who made the agreement.

After reviewing the provider's documentation and response, the reviewing

provider may call the billing provider to expedite communication and timely processing of the contested or paid medical bill.

- (b) When contesting for non-medical reasons, have the bill and all supporting medical documentation and reasoning under section 16-7(E) and, if applicable, section 16-11(D)(1) reviewed by a person who has knowledge of the bill. After reviewing the provider's documentation and response, the reviewing person may call the billing provider to expedite communication and timely processing of the contested or paid medical bill.
- (3) If before or after conducting a review pursuant to section 16-11(D)(2), the payer agrees with the billing party's response, the billed service is due and payable in accordance with the Medical Fee Schedule within 30 days after receipt of the billing party's response. Date of receipt may be established by the payer's date stamp or electronic acknowledgement date; otherwise, receipt is presumed to occur three (3) business days after the date the response was mailed to the payer's correct address.
 - (4) After conducting a review pursuant to section 16-11(D)(2), if there is still a dispute regarding the billed services, the payer shall send the billing party written notice of contest within 30 days of receipt of the response. The written notice shall include all of the notice requirements set forth in section 16-11(A)(1) and shall also include:

 - (5) Any notice that fails to include the required information set forth in this section is defective. Such defective notice shall not satisfy the payer's 30-day notice requirement set forth in this section.
 - (6) In the event of continued disagreement, and within 12 months of the date the original bill should have been processed in compliance with section 16-11, the parties should follow dispute resolution and adjudication procedures available through the Division or Office of Administrative Courts.
- (E) When seeking dispute resolution from the Division's Medical Policy Unit (MPU), the requesting party must complete the Division's "Medical Billing Dispute Resolution Intake Form" (Form WC 181) found on the Division's web page. The items listed on the bottom

of the form must be provided at the time of submission. If necessary items are missing or if more information is required, the Division will forward a request for additional information and initiation of the process may be delayed.

When the request is properly made and the supporting documentation submitted, the Division will issue a confirmation of receipt. If after reviewing the materials the Division believes the dispute criteria have not been met, the Division will issue an explanation of those reasons. If the Division determines there is cause for facilitating the disputed items, the other party will be sent a request for a written response, allowing the other party ten (10) business days to respond.

The MPU will facilitate the dispute by reviewing the parties' compliance with Rules 16 and 18 within 30 days of receipt of the complete supporting documentation; or as soon thereafter as possible.

Upon review of all submitted documentation, disputes resulting from violation of Rules 16 and/or 18, as determined by the Director, may result in a Director's Order that cites the specific violation.

Evidence of compliance with the order shall be provided to the Director. If the party does not agree with the findings, it shall state with particularity and in writing its reasons for all disagreements by providing a response with all relevant legal authority, and/or other relevant proof upon which it relies in support of its position(s) concerning disagreements with the order.

Failure to respond or cure violations may result in penalties in accordance with § 8-43-304. Daily fines up to \$1000/day for each such offence will be assessed until the party complies with the Director's Order.

Resolution of disputes not pertaining to Rule violations will be facilitated by the MPU to the extent possible. In the event both parties cannot reach an agreement, the parties will be provided additional information on pursuing resolution and adjudication procedures available through the Office of Administrative Courts. Use of the dispute resolution process does not extend the 12 month application period for hearing.

(F) Retroactive review of Medical Bills

- (1) All medical bills paid by a payer shall be considered final at 12 months after the date of the original explanation of benefits unless the provider is notified that:

In the event the injured worker has directly paid for medical services that are then admitted or ordered as covered under the Workers' Compensation Act, the payer shall reimburse the injured worker for the amounts actually paid for authorized services within 30 days after receipt of the bill. If the actual costs exceed the maximum fee allowed by the Medical Fee Schedule, the payer may seek a refund from the medical provider for the difference between the amount charged to the injured worker and the maximum fee. Each request for a refund shall indicate the service provided and the date of service(s) involved.
