

Figure 22. Rate of Employed Workers Filing Lost-Time Claims Compared to Unemployment Rate: 2003-2012

Sources:

1 Rate of Lost-Time Claims Filed is derived from Division of Workers' Compensation counts of lost-time claims filed and from labor force data of the Colorado Department of Labor and Employment, Labor Market Information, QCEW, "Colorado Employment and Wages: Annual Averages 2003-2012". Rate is calculated as number of lost-time claims filed divided by the Colorado average annual employment per 100 employed.

2 Average Annual Unemployment Rate is from U.S. Dept. of Labor Statistics, Bureau of Labor Statistics, "Local Area Unemployment Statistics: Colorado." It represents the number of covered workers who worked during, or received pay for, the pay period that included the 12th day of the month, as a percentage of the labor force.
