

You are eligible for the Polis Stimulus Payment.

- Have you moved since you last received an unemployment benefit payment?
- Have you changed your bank account since you last received benefit payments directly?
- Did you discard your U.S. Bank debit card when you stopped receiving unemployment benefits?

If you answer yes to any of the above questions, you run the risk of missing out on the one-time Polis Stimulus Payment.

Just follow these three easy steps:

1

Log into your benefits account.

If you're not sure where to log in, just visit [ColoradoUI.gov](https://coloradoUI.gov) and click on [Returning Claimant](#).

2

Check to make sure your address and payment method are correct.

If you've chosen to be paid via debit card but have lost your [U.S. Bank ReliaCard](#)¹, you can log into the ReliaCard Mobile App or usbankreliacard.com to indicate your card has been lost or damaged and have a new card sent to you. You can also contact cardholder services at [1-855-279-1678](tel:1-855-279-1678).

3

If you don't know your unemployment PIN, you can reset it online.

Just visit [ColoradoUI.gov](https://coloradoUI.gov), click on the Virtual Assistant at the bottom of the page, and type "[Reset PIN](#)". This only applies to regular unemployment claimants; PUA claimants do not have PINs.

— You do not need to contact us. —

Remember, if your address and payment method are not up to date, you run the risk of missing out on the one-time stimulus payment. Be sure to verify all your information is correct and make updates as necessary.
