The Colorado Department of Labor and Employment issues regulations regarding the protection of workers in various industries. These regulations include: 

1. Program Safety and Health (PHE) which includes the use of personal protective equipment (PPE) and other measures to protect workers.

2. Workplace Violence Prevention (WVP) which addresses the prevention of workplace violence and harassment.

3. Hazard Communication (HHC) which provides information on hazardous substances and their effects.

4. Fire and Emergency Preparedness (FEP) which covers fire protection and emergency procedures.

5. OSHA Standards and Enforcement (OSE) which enforces federal safety standards.

6. The Colorado Workplace Safety and Health Act (CWSH) which is the primary law governing workplace safety.

These regulations are enforced by the Colorado Occupational Safety and Health Administration (COSHA) and the Colorado Department of Labor and Employment (CDL). For more information, visit their websites or contact them directly.
