2 Source: Colorado Department of Labor and Employment, Labor Market Information, "2009 Quarterly Census of Employment and Wages, Sector (2 digit) data for Colorado, Aggregate of all Types." Statewide total on QCEW differs due to distribution of government employees throughout sectors. An employed person is 16 years or over in the civilian noninstitutional population who, during the reference week, (a) did any work at all; and (b) who was not working but was temporarily absent.

3 Subtotals for individual sectors may not equal sector totals in Table 9 due to a lack of claims filed in some subsectors, and disclosure suppression. In cooperation with the CDLE Office of Labor Market Information Unit, the Division of Workers' Compensation withholds the publication of data necessary to protect the identity and data of cooperating employers and workers. There are some cases where detailed data could consist of too few employers to ensure confidentiality. These data are withheld or "suppressed" in Division publications.
