- 1 Source: *Report 874, New Claims Received*. These are claims received by the Division of Workers' Compensation during the **calendar year, regardless of the date/year of injury** of the claim. It includes lost-time and medical-only claims, and duplicate First Reports for the same injury.

A lost-time claim is one in which the worker misses more than three shifts or three days of work because of a work-related injury or illness.
Duplicate injury reports have been eliminated.

From 2004 to 2013, Colorado's average annual employment increased by almost 20% yet the number of lost-time claims filed has decreased by almost 7%.
